ACT 1

*set up character and story. Jordi, his desire to play goalie, and the bullying kids with their mystery game.*

1. EXT. SALITRAL STREET - DAY 1.  
*Jordi playing with toys (soccer figurines of costa rica team). kids play outside on street, Jordi asks to play, not allowed. Made fun of.*
2. INT. HOUSE - CONTINUOUS 2.  
*Jordi is angry, throws gloves in the garbage. Notices kids going off somewhere else to play in a friend's truck. Mom calls him o/s to go to market with her.*
3. I/E MARKET - DAY 3.  
*gets called a girl, given a lollipop. that old scene. notices Keylor Navas poster.*  
  
*If it makes things simpler, this could even be at a food stand (onions in Santa Ana) or mini-store in his neighborhood. Market would be nice, but so could that.*

ACT 2

*self training, watching Keylor play with Costa Rica for inspiration*

4. I/E BACKYARD/KITCHEN 4.  
*Jordi starts to set up his self-training thing in the backyard, his mother watches washing dishes (similar scene to one in old script).*
5. EXT. SALITRAL STREET - DAY 5.  
*a few instances Jordi seeing the other kids play outside and leave in the truck.*  
  
*intercut with backyard stuff, montage of him training.*
- 6 INT. KITCHEN - NIGHT 6  
*Jordi sits on the edge of the table, an unfinished plate with his dinner behind him, lit by the glow of his small TV displaying a soccer game. A player on the screen shoots and misses, but Jordi focuses on the goalie. As the goalie dives, Jordi jumps off the table.*  
  
*Another shot, Jordi jumps out of frame mimicking the goalie and then steps back in to get ready again. He mimics the goalie clapping his hands together, noticing the bright gloves. He compares this to his empty hands clapping and sighs.*  
  
*Then he notices the dirty dishes in the sink. He grins.*
- 7 EXT. BACKYARD - DAY 7  
*starts practicing again, this time ready with his home-made gloves. He's getting good reflexes. Hard to practice on his*

own. He sees the kids gather outside and decides to go ask them.

8      **EXT. STREET - CONTINUOUS** 8  
*before he can even ask they laugh at his bright dish-washing gloves. He is humiliated as the truck comes and they go away.*

9      **EXT. HOUSE - CONTINUOUS** 9  
*He goes back inside, throws away gloves back with dishes. Mom sees this happen. Mom tells Jordi to get ready they're going out.*

10     **INT. CAR - DAY** 10  
*Mom puts Jordi in car. Jordi is mopey and sad and angry and such. Mom walks around and opens her door, then puts ball in the car. Huh?*

11     **EXT. MOUNTAIN - DAY** 11  
*They get out of car at the top of the mountain with windmills. Relaxing place. Mom helps him train. Kicks balls at him against chain-link fence. She's not bad. Jordi hesitant at first, starts getting into it.*

*sunset comes, time to go home. they play for a while. Mom says something inspirational with view of city. About how sometimes it feels like everyone is against you.*

### ACT 3

*the test, moment of truth. maybe after sabotaging one of the other players, he is allowed to come with them to complete the team. He proves himself, saving a penalty.*

12     **INT. HOUSE - DAY** 12  
*Jordi playing with his toys, staring outside. Mom is around? Jordi sees the kids starting to assemble outside, playing as they wait for the truck. Expecting all 4 kids Jordi is still bummed. Notices only 3 show up. They're all wondering where the 4th guy is (big guy, goalie). He looks at the yellow gloves, embarrassed, doesn't wanna go. Keeps playing with his toys, specifically the goalie figurine. Mom goes into room to get something. She comes back with a picture of her when she was a young kid. With long hair, looks a lot like he does. She is wearing a goalie uniform, gloves and all, in front of a goal. She also has his original goalie gloves recovered from the trash, now cleaned. She tells him to go, he's happy, determined. Puts on gloves as if they're his superhero uniform.*

13     **EXT. SALITRAL STREET - DAY** 13  
*Jordi uses the opportunity and makes his way onto the truck, since they need an extra player. They drive away, all staring at Jordi, trying to intimidate him.*

14      **SOCCER FIELD - DAY**

14

*this could either be a cool indoor soccer field to wow Jordi, or the original outdoor one cus it's cheaper, better looking, better lighting kinda, yeah lets use that one. They arrive at the game, this is where he sets up in goal and has to prove himself.....*

*.....the game comes down to a penalty. Big guy coming at Jordi. He remembers Keylor's moves, he claps his hand with confidence, remembers his mother's teachings. He saves the penalty. All is awesome. They win. They celebrate him. He lifts his goalie toy happily, still wearing gloves.*

15      **EXT. BACKYARD - DAY**

15

*Mom hired the 4th guy (big guy, goalie) to do gardening in the backyard!! This explains his absence. She tells him to go away before his son gets home.*

**THE END**
